

Announcing the 2013 Dedham Pottery Annual Collector's Plate

The Reverse Rabbit

The Dedham Historical Society 2013 reproduction Dedham Pottery plate offers collectors one of the rarest pottery designs – the “reverse-rabbit.” The vast majority of rabbit-decorated items show a “right-facing” rabbit, but an early example in the Society’s collection shows a left-facing rabbit. The DHS example also shows a reverse color scheme – it has a blue rabbit on a white background – the inverse of the norm. The DHS 2013 Limited Edition reproduction plate copies this “double reverse” example, with both left facing rabbits and painted in the reverse color scheme.

Shipping charges must be included unless you expect to pick up your plate within one week of being notified that it is available.

2013 Dedham Historical Society, Dedham Pottery Reverse Rabbit Plate
